

EnviroGreen Recycle and Waste Removal Single Stream Recycling Program

Place loosely into recycling bin, bucket, bags, or any other container marked "recycle"

As a suggestion, you may also place your recycles in one or more trash bags and place them in the green recycle bin. This will help reduce the amount of trash/recycle blowing around the community.

No More Separating of Recyclables

- Aluminum cans
- Steel/tin food and beverage cans
(i.e. soup cans, vegetable cans, etc.)
- Glass bottles and jars
- Plastic bottles marked with 1 thru 7 on bottom in a triangle of 3 arrows (i.e. soda, milk, detergent, etc.)
- Newspaper, Magazines, phone books, and all books
- Junk mail and home/office paper may include: writing tablet paper, computer printout paper, bulletins, flyers, newsletters, envelopes, colored paper and copier paper.
- Brown paper bags-additional brown paper (grocery) bags
- Cardboard and cereal boxes

***Please remove lids and rinse**

Single Stream Recycling means there is no longer a need to separate your recyclables.
